Economical automatic wrap-around labeling system.

Reliable Design

Weber's Alpha Compact G3-WRAP is a collaboration with RL Craig Inc known for their quality & reliability. This solution presents a fully integrated economical system for wrap-around labeling of straight-walled products like bottles and cans.

Versatile Labeling

This system applies labels up to 4.5" wide (120mm unit) or 6.0" wide (150mm unit) and up to 11.8" long at speeds up to 60 feet per minute with a dispensing tolerance of ±0.03".

The Alpha Compact G3-Wrap is a perfect low-cost addition to breweries, canners and bottling companies. An optional Markoprint inkjet coder can be added to print date codes in line with the label application. To accommodate various production environments, the system can be specified in right-hand or left-hand configurations.
